**SAVING KAN: A LOVE STORY IN ORMOC BAY (MARINE MAMMAL AND REPTILE REHABILITATION CENTER)**

Ormoc City, Leyte

I am truly grateful for Galing Pook’s recognition of Ormoc City’s “Saving Kan” as a 2023 finalist, as this heightens our advocacy for marine life protection. With deepest pride, we share our love story which began with saving Kan, one of the first rescued and released sea turtles, to fully institutionalizing our marine rescue and rehabilitation program. **The last five years have shown us that it is we, humans, who really end up being saved. After all, protecting nature is, in truth, the only way to ensure the survival of the human race.**

**Mayor Lucy Torres-Gomez**

City of Ormoc, Leyte

2022.7

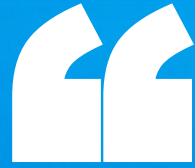

**Ormoc City is more than just a City of  
Beautiful People.**

**It is a place where our love for Ormocanons  
translates to love for nature.**
